Get Certified! Take Scuba lessons with your own Personal Private Instructor

Our internationally lauded personal dive programmes simply mean more focused training, customized scheduling, and no down time on your holiday waiting for others – result – better divers and more time on each ocean dive to explore the reef with your instructor.

Set your own days - a typical schedule:

Day 1: Theory in the comfort of your Hotel Suite.

Day 2: Pool training; practice your water skills, typically a half day.

Day 3: Three training dives at Agincourt & Ribbon Reefs on Three different sites.

Day 4: Your final training dive, and two extra 'fun' dives with your instructor again, three different sites on Agincourt/Ribbon Reefs.

Please note a DIVE MEDICAL is required for the Open Water Programme in Australia.

3 Days

Choose your Option

- eLearning - Complete your theory portion of your training on-line with eLearning prior to your arrival.
- Self Study - we'll express courier you a training pack, with Dive Manual, RDP Slate and Open Water Diver DVD Set.

Three Day Course Option With eLearning or Self Study

Self Study

Not a fan of on-line learning but still want to save time? Ask us to courier a training pack to you, prior to your arrival, and you can complete your theory portion of the programme in advance of your arrival - you'll need to allow yourself 7-8 hours of study time.

Material Review

With both the Self-Study and eLearning Options your instructor will go over any areas you need additional support or have questions about prior to your pool session.

Online Scuba Programs via PADI eLearning®

If you're looking for a flexible way to fit a scuba certification into your busy schedule or if you just prefer web based learning, then PADI's online scuba programs are the way to go - A number of language options are also available.

You can stop and start as much as you like.

A fee is payable directly to PADI for the use of this service, but you will receive a discount on your course with us, often saving you more.

It is important you use the link below when signing up as it allows us to see your progress and provide on-line support if required. You don't have to be completing your dive programme with us to use this FREE support service.

Please note you WILL require a broadband connection to view the on-line video presentations.

We also have Staff available who speak Spanish, Italian, German, Dutch, Japanese, Portuguese even Kiwi and Australian!

Short on time? But want to get certified.
Then this is for you!

Want to experience diving? Short on time? The Scuba diver rating is designed for those wanting to experience the knowledge and practice in order to maximise their dive experiences on the reef but don't have the time for a four day open water programme. No Doctors' medical is required for this course, simply a medical declaration form.

Set your own days - a typical schedule:

Day 1: A half day each of relaxed Theory at your Hotel followed by a pool session.

Day 2: Two training dives and a fun dive with your instructor on three different sites on Agincourt Ribbon Reefs.

You can upgrade to FULL Open Water with just a further two days training at any stage in the future.

Safety is primary important with Diving, and Medical conditions must be taken serious, as false information can lead to serious injury. We are happy to help with any questions or concerns. The following information is provided as a guide only.

Open Water Courses

- The Open Water Certification requires a full Australian Standards Dive Medical that is compliant with AS4005.1 prior to commencement of the course. This differs from most countries overseas, where a different medical is used. Unless the form states 4005.1 it CANNOT be accepted.
- A copy of this form is available from Tech Dive Academy in PDF or printed formats.
- Medicals must not be completed any more than 90 days prior to the start of the course and must be in English. The cost of the medical is not included in the course cost. For anyone age 14 and under, we highly recommend having the medical done by your local Doctor prior to arrival.

All Other Recreational Dive Courses

A medical declaration form must be completed by the Customer.

TDI & DSAT Technical Courses

Due to the nature of a number of our technical programmes, a current dive medical (less than 12 months old) is a pre-entry requirement for some of these programmes. Please contact us for details of your specific programme.

Discover Scuba Diving – Introductory Dives

A medical declaration form must be completed by the Customer. Staff will discuss your health and fitness for the activity with you.

Certified Diving

No medical forms are required, but you are required to state you are fit and healthy and there is no reason preventing you from diving. Staff will discuss your health and fitness for the activity with you.

Typical Conditions

Some medical conditions may prevent you from diving, and require a full medical in any circumstance. These include, but are not limited to the following:

- Asthma (in the last 5 years)
- Respiratory conditions
- Heart conditions
- Diabetes
- Epilepsy
- Pneumothorax (collapsed lung)
- Ear surgery or a burst ear drum.

Where can I get a Medical Done?

Port Village Medical Centre	Mon-Fri	07 4099 5043
Cairns 24 Hour Medical Centre	7 Days (Daytime Hours Only)	07 4044 0444

It typically takes one hour for a medical to be complete and is a straight forward and non-intrusive process.
